

## ORION-USC (UNIVERSAL SACK CLOSER)

Whatever product you are packing, the **Orion-USC** is built smart and tough enough to cope.

Each component is assembled on single heavy-duty frame with locking castors.

Combined automation offers you effective high output and consistence performance; it has flexibility to be able to close most different types of sacks, by manual or automatic means.

You won't have to break the bank to be efficient. So break into the 21st Century and Experience Experience.
